Higher Education in Türkiye

The higher education system in Türkiye is supervised by the Council of Higher Education (CoHE). The CoHE is an autonomous institution which is responsible for the planning, coordination and governance of the higher education system in accordance with the Constitution and the higher education laws.

Higher education institutions in Türkiye can be classified as follows: Universities, Institutes of High Technology, Post Secondary Vocational Schools, Other Higher Education Institutions (Military and Police Academies). There are two types of universities in Türkiye, namely State and Non-profit Foundation Universities.

All of these higher education institutions are recognized and accredited by the CoHE. There are 209 universities in Türkiye, 74 of which are Non-Profit Foundation Institutions (2024). These universities host more than 8 million students.

A list of universities and their contact information is available at www.yok.gov.tr

Turkish universities offer:

- **Associate's degree programs (short cycle):** These programs take 2 years. Vocational high school graduates can qualify for associate's degree programs

without the central placement test.

- **Bachelor's degree programs (first cycle):** These programs generally take 4 years. Specialized programs such as medicine (6 years) may be longer.
- **Master's degree programs (second cycle):** A master's program with thesis generally take 2 years; a master's program without thesis take 1.5 years.
- **Doctoral degree program (third cycle):** A doctoral program after a master's degree take 8 semesters, an integrated doctoral program after a bachelor's degree take 10 semesters. A completion of coursework, proficiency exam, dissertation proposal and successful oral defense of the dissertation are the requisite steps in doctoral programs.

The National Qualifications Framework for Higher Education in Türkiye, developed with reference to the Qualifications Framework of the European Higher Education Area was adopted by the CoHE in 2010.

Türkiye has actively participated in the Bologna Process, which define the European Higher Education Area (EHEA). The Bologna Process has been an important opportunity for reconstruction and internationalization of Turkish higher education system.

For more information on the Turkish higher education system, please refer to the CoHE website www.yok.gov.tr

Studying in Istanbul

Istanbul has a wonderful location connecting Europe and Asia by the spectacular Bosphorus

Throughout history, this unique location made Istanbul politically, commercially and culturally a very important city. Once the capital of the Byzantine and Ottoman empires, Istanbul has grand historic monuments, a commercial culture that is still very much alive and a cosmopolitan culture that welcomes all.

Today it is not the capital of the modern Turkish Republic but it is the most populous city of Türkiye with 15+ million inhabitants. Istanbul is still the heart of Türkiye's commercial, financial, artistic and cultural activities. It is a touristic destination which attracts around 14+ million tourists a year, with its historic palaces and mosques, wonderful museums, art galleries, festivals, and world-class shopping and entertainment.

Istanbul is also an education hub. 61 Universities and 4 Vocational Schools are currently operating in Istanbul hosting around 1.487.205 students. Living and studying in Istanbul is a great experience with so many places to see and so many things to do.

Both Turkish and international students agree that studying in Istanbul is an opportunity not to be missed.

Istanbul Aydın University (IAU)

Istanbul Aydın University (IAU) is a non-profit and state-recognized Foundation university offering bachelor's, graduate and doctorate programs.

IAU offers a wide range of academic programs in order to meet the demands of the labor market in the global economy.

IAU in recent years has increased its investment in health education with its Faculty of the Health Sciences, Faculty of Dentistry, the Faculty of Medicine and the Faculty of Pharmacy. The number of programs taught fully in English has grown, in line with the university's internationalization strategy. IAU has also emphasized quality assurance and accreditation procedures for its academic programs.

QUALITY AND RANKINGS

- In the evaluation made by the US-based US News Reports, IAU was the 548th best university in the world ranking, while it was in the top five in Türkiye. In the field rankings of the same institution, IAU is listed in the part that includes the best 300 universities in the world in the field of physics.

- IAU, in THE Impact Rankings, which evaluates the contribution of universities to society; In the fields of "End Poverty" and "Renewable Clean Energy", it was among the top 3 foundation universities in Türkiye and among the top 300 in the world rankings. In the field of Gender Equality, it was ranked in the top 10 among foundation universities and in the top 300 in the world.

• IAU Among the Best Universities in Europe and Asia

Globally recognized higher education ranking institution QS has announced the results of the 2024 Regional University Rankings. According to the results, IAU ranks among the top 520 universities in Europe and is ranked as the 35th best university in Western Asia.

- The U-multirank project, supported by the European Union, has listed IAU among the top 1000 universities in Europe.

- IAU also took part in the final of the "best workplace" category at THE Asian Awards, which is described as the Oscars of higher education.

• TURQUALITY: IAU A WORLD BRAND IN EDUCATION

As a leader in education exports, Istanbul Aydın University was included in the first and only state-supported global branding program Turquality by the Ministry of Trade as one of two universities in Türkiye.

President's Message

Today more than ever, there is a need for a generation that can respond to the expectations of the society, dominate the use of information and technology, speak at least one foreign language in business life, that researches, inquires, and produces; renews itself in every area as well as the information necessary for life, that is participant, can think and work independently in universal dimensions.

Istanbul Aydın University is a higher education institution that will bring you the knowledge, awareness, entrepreneurial and creative spirit that the 21st century requires with its expert teaching staff, privileged, contemporary and constantly renewed programs, vocational English language preparatory school implemented for the first time in Türkiye, contemporary technical equipment, ergonomic physical structure, distinguished solution partners, international education cooperation, freedom of unlimited learning which provides undergraduate education and its continuing education process, and its rich social structure.

We are working tirelessly to make Istanbul Aydın University in the pursuit of excellence and with the vision of becoming an entrepreneurial university as a duty and responsibility while educating the young generation embracing the targets constituting inalienable and unalterable values.

I sincerely hope that our students will discover and plan the career that they dream and build a happy future for themselves and for humanity.

Prof. Dr. Mustafa AYDIN

President

Rector's Message

MESSAGE FROM THE RECTOR

Prof. Dr. İbrahim Hakkı AYDIN
Rector

Education and learning are the main impetus for a society's development. Universities are valuable institutions with ties to various segments of society, focused on solving the problems of society, developing and spreading technology, while embodying the principles of academic freedom.

Although the number of universities in Türkiye has increased recently, there are still over a million young people every year who are unable to access higher education due to insufficient number of seats at universities.

With this concern in mind, Istanbul Aydın University has worked relentlessly since its establishment in 2003 to reach its goals and has created the roadmap with its academicians, administrators and directors to be a leading, socially responsible and globally engaged university.

IAU Facts and Figures

Student's Top Choice

IAU is the most-preferred university by Turkish students in the central placement test for bachelor's programs. IAU is also preferred by international students. It has the highest number of international students among the foundation universities in Türkiye.

Technological Campus

IAU has engineering and health sciences laboratories equipped with up-to-date technology, as well as art and design workshops and studios. It has an online student registration and information system. Every classroom is equipped with smart boards and podiums. The library has a wide range of electronic resources for the use of students and staff.

Comprehensive University

IAU has academic programs at associate, bachelor's, master's and doctoral levels covering most disciplines. Being a comprehensive university encourages interdisciplinary research and allows students to complete double major and minor studies.

Focus on Competency

IAU emphasizes professional competency in its teaching. Students have internships integrated into their curricula and on-the-job-training opportunities through the many Industry partnerships of IAU.

International University

IAU has an international campus with around 12.000+ international degree-seeking students from 125+ countries. IAU also welcomes international students through the Erasmus+, bilateral exchange programs, and the Delightful Istanbul programs. IAU offers numerous study abroad opportunities to all its students at its partner universities abroad.

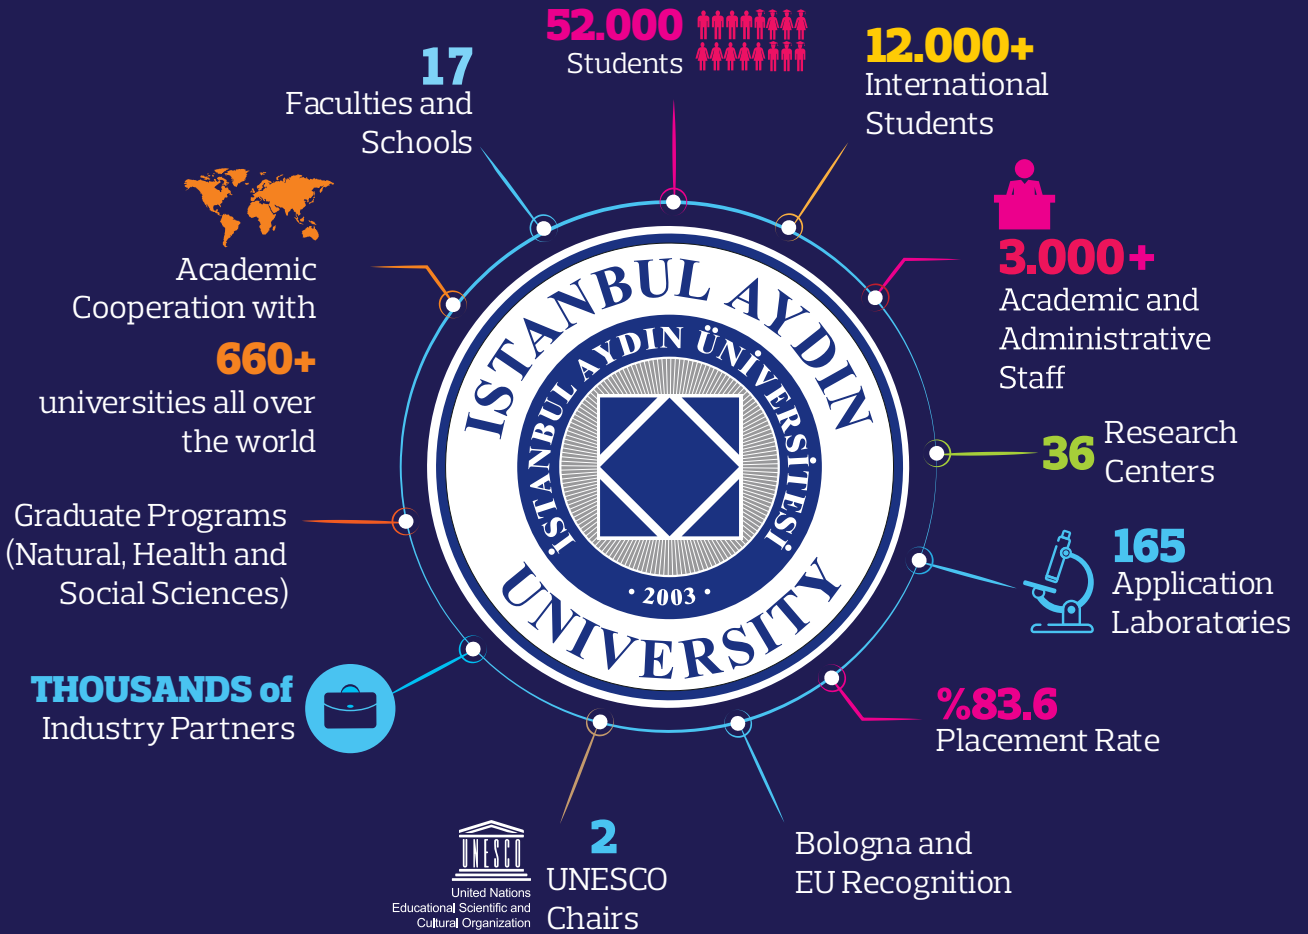

City University

IAU's main campus in Florya offers easy access to the many social and cultural activities in Istanbul through public transportation. Florya is close to the main international airport in Istanbul. IAU has also smaller campuses in downtown locations, housing the English Language Program, dental clinics, continuous education programs.

IAU UNESCO Chair Cultural Diplomacy, Governance and Education

Istanbul Aydın University's UNESCO Chair on Cultural Diplomacy, Governance and Education (CDGE) established in 2014, is based on the mutual collaboration and contributions from local and international institutions. Its activities are interdisciplinary; they refer to education, research, technology and cultural/social activities.

IAU UNESCO Chair Education For Sustainable Peace

IAU UNESCO Chair on Education for Sustainable Peace aims to create a peace culture among different groups through providing education to specifically women and the youths, and integrating research and training activities on conflict resolution.

Bridging Borders: Cultural Diplomacy and Education for Sustainable Peace

As the IAU UNESCO Chair on Cultural Diplomacy Governance and Education and UNESCO Chair on Education for Sustainable Peace, a wide range of educational programs, academic initiatives and conferences are conducted throughout the year to promote the exchange of ideas, experiences and policy perspectives among international students and institutions.

Through an interdisciplinary and inclusive approach, these activities aim to strengthen intercultural understanding and contribute to the advancement of global academic collaboration. By facilitating sustained dialogue rather than one-off encounters, cultural diplomacy helps build trust between diverse actors. Over time, such trust can enhance cooperation in governance and support the development of more inclusive, participatory and responsive educational institutions.

The Peace and Diplomacy Short-term Programs are organized for students from around the world to foster participants' academic knowledge, diplomatic skills and practical understanding of international relations. Conducted every summer and winter, these programs provide a comprehensive learning environment in which intercultural communication is addressed through lectures on topics related to UNESCO priorities. In addition, participants engage in interactive components that simulate diplomatic processes, including Model United Nations practices such as IAUMUN, thereby strengthening their analytical thinking, negotiation and problem-solving skills.

In addition, various conferences and workshop series are organized throughout the academic semester to support academic exchange and dialogue between students, scholars and professionals. These platforms are designed to encourage critical thinking, the sharing of diverse perspectives and engagement with contemporary global issues within an academic framework.

The IAU UNESCO also offers internship opportunities and research-focused experiences. Through these opportunities, students are able to gain practical exposure while developing key competencies, including cross-cultural understanding, effective communication, networking, data analysis and teamwork. Furthermore, students are encouraged to actively engage in research activities, enabling them to contribute to academic production and deepen their understanding of global challenges.

In this context, the IAU UNESCO remains open to all students who wish to grow through short-term academic programs, actively contribute to intercultural dialogue and develop both academically and professionally while working toward a more peaceful and sustainable world.

IAUIR
ISTANBUL AYDIN UNIVERSITY
INTERNATIONAL RELATIONS

Istanbul Aydın University is committed to internationalization of its student body and academic programs. IAU Directorate of International Relations is responsible for managing and developing international activities. Various offices under the directorate run student exchange programs such as Erasmus+, study abroad programs, international summer and winter programs, full-time student recruitment activities, international student support services, and Turkish language courses for international students.

International memberships

With a view to expand its international collaborations, IAU has memberships to numerous international associations and networks, such as Eurasian Universities Union - EURAS, Mediterranean Universities Union - UNIMED, BUSINET Global Higher Education Network, Federation of the Universities of the Islamic World - FUIW, NAFSA Global Partner, European University Association- EUA associate member.

Erasmus+ Program

Istanbul Aydın University offers its students and staff the privilege to be part of an international academic community that spans across 30 European countries and 22 non-European countries, comprising of 340+ possible destination universities for Erasmus studies/traineeship and staff mobility through its Erasmus+ inter-institutional agreements. Each academic year, we receive more than hundreds of students, for their Erasmus study and traineeship mobilities and in return we send hundreds of students to our Erasmus partners for an Erasmus experience that changes their lives.

Short Term Study Programs

International Short Term Study Programs of Istanbul Aydin University undertakes both incoming and outgoing short-term program opportunities. Our students at IAU enjoy, one up to 4 week short-term study programs offered by our partner institutions, mainly during winter and summer holiday periods.

We offer four programs for all incoming international university students from all over the World. Delightful Istanbul Programs admits both undergraduate and postgraduate students to winter – spring – Summer & Late Summer Delightful Programs.

Delightful Antalya & Istanbul Winter School

Takes place during the winter break, last week of January and first week of February every year. Students arrive in Antalya and the first 6 days of the program is completed in a 5 star holiday resort in Antalya. Students enjoy the rich historical heritage of the region while they continue their classes in the Mornings. Second part of the program takes place in Istanbul at IAU campus. During the 8 days of their stay in Istanbul, students follow their classes at the campus and enjoy discovering the top attractions in Istanbul. 5 Courses offered and each valued 5 to 6 ECTS Credits.

Delightful Spring School

Delightful Spring School always takes place during the 'Easter' break in one of the eight-fairytale Destinations of the world 'Cappadocia'. The registrations are open so we strongly recommend your Students to join this program and earn 3 ECTS credits in Digital Marketing 'Blended Mobility' course.

Delightful Istanbul Summer School

Takes place always during the last week of July and first week of August. Every year we enjoy having students coming from more than 40 countries and discover the beauties of Istanbul with them again. Among the popular courses of Delightful Istanbul, we can count Neuroscience, Genetics, Anatolian Food Culture (gastronomy), Brand Management, and International Politics. Delightful Istanbul Summer School offers 11 courses, most of them are in 'Blended Mobility Format' face to face classes + online component. Please contact us to learn more on funding opportunities under Erasmus Blended Mobility Scheme.

Delightful Istanbul Late Summer School Cyprus

This one week boutique program takes place always at the end of August in beautiful Cyprus, Kyrenia. Program offers Digital Marketing course – Blended Mobility – 3 ECTS and takes place in a 5 star holiday resort, while the courses are delivered at Cyprus Aydin University Campus in Kyrenia. This not to miss program offers spectacular social and cultural activities, sea, sun, sand and learn during the last week of August.

International Students and Staff Affairs Office (ISSA)

ISSA presents orientation programs for newly arriving international students providing important information and skills they need in order to study successfully during their stay in Türkiye. ISSA offers one-on-one counselling and group activities to help international students through their adaptation period and supports them with their educational, legal and social issues. In addition, it coordinates activities with the International Student Union to implement their projects and to organize extra-curricular activities such as field trips.
